Getting Interactive

Write your own notes at the side to explain the job of each block in these scripts. What effect does each block have on the sprite? Define the purpose of the blocks in your own words.

When you have finished, try adding similar sprites and scripts to your Scratch project to make an interactive user feature!

Getting Interactive

Annotate these scripts with notes to explain the purpose of each of the blocks. What effect does each block have on the sprite? Describe the purpose of the blocks in your own words.
