

Deepen Activities

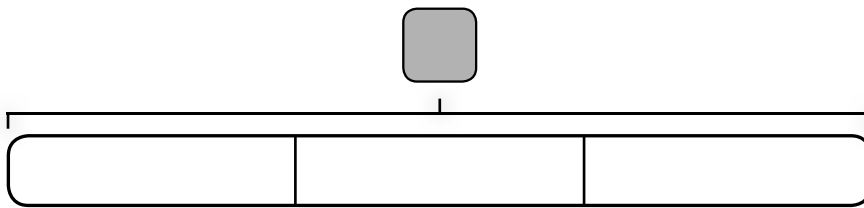

- I** Help Flo to complete her bar models for some sharing questions.

What could each question be?

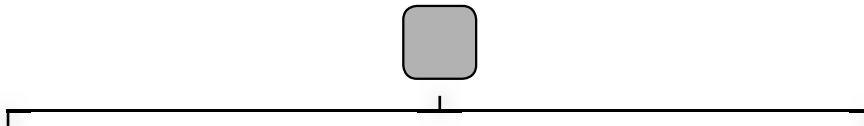

a)

b)

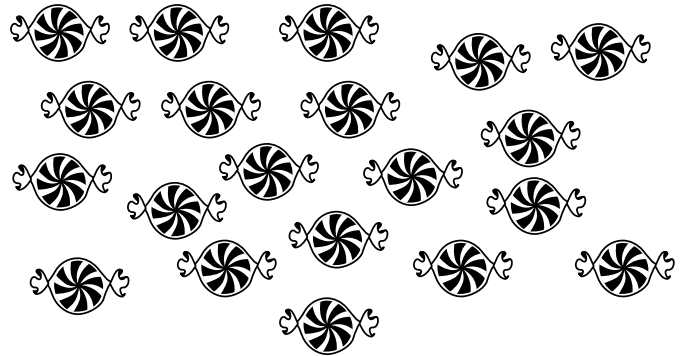

c)

I need to finish drawing the last bar model, as well as filling it in.

- 2** Astrid shares 20 sweets into equal groups so that all her friends have the same number.

- a) How many groups are there?
- b) How many sweets are in each group?

I found lots of different answers!

- 3** A coin has two sides.

Ash starts on tails.

He chooses a number less than 30 and turns the coin over that many times. The coin now shows heads.

heads

tails

- a) What could Ash's number have been?
- b) What do you notice?

Can I look at the ones digit to work out if I will finish on heads or tails?
